## SUMMARY

Dedicated and passionate aspiring web developer with two years of focused experience in programming and computer science. Enthusiastic about continuous learning and eager to explore new technologies daily. I am committed to pursuing a lifelong career in programming, driven by my love for problem-solving and innovation. I thrive in dynamic environments surrounded by like-minded individuals who are dedicated to growth and progress. Eager to contribute to and learn from a team of professionals who share my passion for technology and continuous improvement.

## SKILLS

- HTML
- CSS
- JavaScript
- React.js
- Redux.js
- Next.js
- Node.js
- Express.js
- REST APIs
- TypeScript
- MongoDB
- Git & GitHub
- Tailwind CSS
- Styled-components

## EXPERIENCE

- **Freelance/Personal Projects** 2022 - Present  
In addition to completing various training courses, I have worked on several projects, which are available as examples. The source code for these projects can be found on my GitHub.
- **Programming and Computer Science Instructor** 2021 - 2023  
I worked at Ostadbank (<https://www.ostadbank.com/>) as a programming and computer science instructor, where I achieved a student satisfaction score of 4.94 out of 5. However, in many cases, I was asked to complete projects rather than teach.
- **Electronics and Computer Instructor** 2010 - 2024  
I have been working as an electronics and computer teacher with the Iranian Education Organization for many years. During this time, I have received numerous awards and was honored as the Best Teacher of Tehran Province in 2013.

## EDUCATION

- **B.Sc. in Computer Science** 2021 - Present  
Payam-e Noor University, Tehran, Iran.
- **B.Sc. in Electrical Engineering, Electronics.** 2001 - 2006  
Faculty of Electrical Engineering, Shahrood University of Technology, Shahrood, Iran. Developed the hardware and software for a programmer device compatible with the entire 8051 microcontroller family as my bachelor's degree project.
- **High-School Diploma in Mathematics and Physics Discipline.** 1997 - 2001  
Hashemi Nezhad High-School and Pre-University Center, National Organization for Development of Exceptional Talents. Mashhad, Iran.

## LANGUAGE

- English (Fluent)
- Persian (Native)
